MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

The figures have been stated in Rs. Crores for better readability.

Investors are cautioned that this discussion contains forward looking statements that involve risks and uncertainties including, but not limited to, risks inherent in the Company's growth strategy, acquisition plans, dependence on certain businesses, dependence on availability of qualified and trained manpower and other factors. The following discussion and analysis should be read in conjunction with the Company's financial statements included herein and the notes thereto.

INDUSTRY

Media and Entertainment (M&E) industry in India continues to grow at rates faster than broader economy, thanks to greater disposable incomes across households. The financial year 2017-18 was a notable year for the Indian economy. Retail inflation was the lowest in almost four decades and several path breaking reforms such as the Goods and Services Tax (GST) recapitalization of banks and the Insolvency and Bankruptcy Code were implemented. The financial year under review also witnessed several other regulatory reforms with a rapid digitization of TV distribution, barring the state of Tamil Nadu. The M&E today generates millions of jobs directly and indirectly, contributes to economic growth by providing a platform for the growth of several other related industries.

The various segments of the M&E sector are also in the throes of rapid change, with innovations led by digitally enabled interfaces, both on the consumer side and through the content supply chain. The transition to digitally addressable systems was contentious but has finally been settled. Pay TV in India has been witnessing strong momentum and is expected to grow even more, since it is only at a 60% penetration of all households. The increasing presence of camera, internet and the availability of wireless broadband at affordable prices has democratized media consumption and production like never before. Digital has transformed the access to internet and the consumers have shown affinity towards consumption of content on newer screens like handheld devices. More and more broadcasters have made investments to be OTT ready.

Ad spends by companies did get impacted in the aftermath of the demonetization in November 2016 and in the run up to the transition to the GST regime in July 2017. However, the sentiments have bounced back and media budgets have seen buoyancy towards the second half of the year under review. Media buyers estimate that the ad spends are expected to increase in the coming years. Entertainment genre continues to be the largest ad spend driver followed by news and sports. A booming economy witnesses higher spending of various industries on advertisement as sales grow. Regional Broadcasters strongly backed by Regional / Local advertisers all set to benefit from increasing focus of national advertisers on India's rising rural consumption and from digitalization of TV distribution space. Addressable ad market is growing at a fast pace and the South Indian Channels enjoy significant share of total ad revenues. The next few years are poised to be more exciting. Digitalization will ensure broadcasters to claim their legitimate share in the near future. Alternate distribution platforms to fuel growth DTH, CAS, HITS, IPTV. Overseas subscription continues to offer a huge untapped growth opportunity. The time is now to reimagine what the new consumer experience should be, reimagine the boundaries of creativity and content, reimagine business models.

The radio segment is also growing equally with other mediums such as television and print due to combination of localized reach and affordable pricing which is likely to be further enhanced with the launch of 162 new FM radio stations in the frequencies allotted in the second batch of Phase III auctions including across the key markets of Mumbai and Delhi. Licenses were acquired in 17 cities that had no operating FM licenses. New stations in existing cities and proliferation of private radio to smaller cities are likely to increase the listener base. These launches created an increase in the volume of inventory available, which was one the main reasons for the growth of industry revenues. The real estate, education, healthcare, banking, financial services, insurance and retailing sectors continue to focus on radio advertising.

Sun TV, the flagship channel of your company, is the most watched channel in India today and it is the largest in South India by penetration, viewership & ad revenues. It airs an assortment of fiction and non-fiction content apart from movies across channels. Sun TV Network Limited (Sun Network) maintains its dominant position in the southern states of India as one of the largest television and radio entertainment Company in India with a portfolio of Satellite Television Channels spread across four languages and in genres of GEC, news, music, action, life, movies, kids and comedy. Sun Network also has a large network pan India in the FM Radio broadcasting segment along with its subsidiaries. Sun Network continues to consolidate its leadership position, built over the years, by fortifying its hold over key aspects of pricing and access to quality content. Sun Network is one of the first Regional GE channels in the country to adopt HD and it also forged early partnerships with OEMs to pre-load Sun TV app on their devices.

OPPORTUNITIES AND THREATS

Opportunities:

The ongoing digitalization of content, shift to online and mobile distribution of content and the rapid pace of invocation create opportunities to serve new customers in new markets. The presence of large and wealthy Indian diaspora abroad is another powerful enabler for market expansion abroad.

The M&E industry influenced by digitalization, the convergence of TV, mobile telephony and the Internet poised for a growth trend. The fact that significant households of India are still without television connectivity highlights the scope of growth in the segment. The majority of the revenue generated in the television industry is through advertisements, followed by subscription. Strong growth projected in DTH, Digital Cable segment would result in substantial increase in subscription revenue over the years to come. Increasing interest in regional content among Indian population across the borders, results in increased overseas viewership thereby attracting foreign investment. Radio broadcasting in India, which is still in its infancy, is evolving to be a revenue spinner in the coming years.

Threats:

It is difficult to predict our revenues and expenses as they fluctuate significantly given the nature of the markets in which we operate. This increases the likelihood that our results could fall below the expectation of market analysts. Certain threats are summarized below:

⇒ The competition and increasing prices may adversely affect our ability to acquire desired programming and artistic talent.

⇒ Sun Network operates in an intensely competitive industry.

⇒ Advertising income continue to be the major source of Sun Network’s revenues, which could decline due to a variety of factors.

⇒ The commercial success of Sun Network depends on our ability to cater to viewer performance and maintain high audience shares which could be affected.

⇒ Sun Network is a regional broadcaster, which may limit our opportunities for growth as well as our attractiveness to advertising customers and others.

⇒ Technological failures could adversely affect our business.

⇒ Our inability to effectively deploy and manage funds could affect our profitability.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

SEGMENT

Sun Network operations predominantly relate to a single segment “Broadcasting - Media and Entertainment".

OUTLOOK

Sun Network with its presence across genres like general entertainment, movies, music, news, kids, action, life and with a dominant market share in the five southern states of India (Tamil Nadu, Kerala, Karnataka, Andhra Pradesh and Telangana) ensures continued and sustained viewership and prominent role in the Media and Entertainment Industry. A steady flow of highly popular programs and a dominant share of audience viewership have given the network tremendous pricing power vis-a-vis competitors.

The drive initiated by Government towards digitalisation and addressability for cable television would help Sun TV Network, being the largest regional television network to be one of the major beneficiaries of the recent growth in the DTH space, it is expected that this new stream of revenue for the Company arising from the increased DTH subscriber base in South India would maintain a positive momentum in the coming years.

FINANCE AND HUMAN RESOURCE

Finance:

The Total Income for the year ended March 31, 2018 was Rs. 3,002.10 crores as against Rs. 2,703.80 crores during the previous year ended March 31, 2017. 4. RISK ANALYSIS AND MANAGEMENT

Risk is an inherent feature of any business activity, more so when the dependence is on the consistency on the deliverables of the Company and linked to the sustained support from the viewers and advertisers' community at large. Like every organization, Sun TV Network Limited (Sun Network) business is also impacted by a number of factors. Given below is an overview of some of the major risks affecting any business and Sun's position vis-à-vis these risks.

FINANCIAL REVIEW 2017-18
(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

PRINCIPAL RISKS AND THEIR MITIGATION

a) STRATEGIC RISK

The performance and growth of media industry are dependent on the health of the Indian economy and in particular the economies of the regional markets it serves. These economies could be adversely affected by various factors, such as political and regulatory action including adverse changes in liberalization policies, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, interest rates, commodity and energy prices and various other factors.

The media industry in India has been continuously fraught with regulatory issues including those of license, investment caps and ownership limits. Although Sun Network has performed well in spite of these adversities, further regulatory changes always remain a concern.

Sun TV Network has been able to capitalize on its leadership position built over the years, by fortifying its hold over quality content. It is able to practice its strategy of selling telecast slots under exclusive agreements and additionally ensuring a continued supply of quality content. A steady flow of highly popular programs and a dominant share of audience viewership have given the network tremendous pricing power vis-à-vis competitors. South India produces the largest number of films per year with a huge movie following target audience, Sun Network ensures access to popular content, by purchasing larger quantum of all South Indian movies on a perpetual rights basis.

Risk Mitigation

Sun Network believes that it would not be disadvantaged and would manage competition through content and a pan India spread.

b) OPERATIONAL RISK

Possible decline in the popularity of channels of Sun Network, such a decline shall adversely impact its revenue, both from advertisement as well as subscription revenue.

Risk Mitigation

Sun Network's competitive advantages stems from its high popularity, exclusive access to high quality content and a large movie library, giving it significant pricing power to capitalize on the fast growing advertisement and subscription market. Sun Network will endeavour to keep track and abreast with high quality content and library.

c) FINANCIAL RISK

Treasury Investments Risk

The Company carries significant amounts of surplus cash on its balance sheet, which are invested in various securities; the value of these investments may be eroded if they are deployed in risky asset classes.

Risk Mitigation

The Company follows a conservative policy of investing, which disallows any exposure to volatile assets like equity shares or illiquid assets like real estate. The policy is defined to preserve capital by permitting investments only into "AAA" rated instruments, with reasonable rates of return and allows quick liquidation by avoiding long dated securities.

Leverage Risk

A high debt component could result in an excessive interest drain.

Risk Mitigation

The company is a zero debt company.

Receivable Risk

Delays in collection of accounts receivable could affect the Company's cash flow, with poor follow up potentially leading to delinquency and write offs.

Risk Mitigation

The company constantly monitors its debt collection and ensures that the debtors are periodically reviewed and dues maintained at levels that do not affect its cash flow.

d) LEGAL AND STATUTORY RISKS

Risk on contractual liabilities

The risk arising out of contracts that impose onerous responsibilities.

Risk Mitigation

The Company constantly reviews all agreements, documents and contracts to ensure compliance with the accepted business procedures.

Compliance failure risk

The risk arising out of non-compliance with statutory requirements.

Risk mitigation

At Sun Network statutory compliance has been ensured through an internal process and legal compliance is given due importance in the Company's management process. The Company is proposing an independent audit and review across all the operational areas to reassess the existing processes.

5. INTERNAL CONTROL

Weak internal control can jeopardize the Company's financial position.

Risk mitigation

The Company has in place systems and processes, commensurate with its size and nature of business so as to ensure adequate internal control while ensuring smooth conduct of operations and compliance with statutory requirements under all applicable legislations. The Company has implemented SAP ERP system, which ensures significant automation of processes, with sufficient IT system controls in place. Independent internal audit is carried out to ensure adequacy of internal control system and adherence to policies and practices. The Audit Committee reviews the functioning of the internal audit function.

Cautionary Statement

Statements in this Management Discussion & Analysis describing the companies objective, projections, estimates and expectations may constitute "Forward looking statement" within the meaning of applicable laws & regulations. Actual results, performances or achievements could differ materially from those expressed or implied in such forward-looking statements..

INDEPENDENT AUDITORS' REPORT

To the Members of Sun TV Network Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Sun TV Network Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under Section 143(11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

INDEPENDENT AUDITORS' REPORT

Opinion

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

    a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.

    d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.

    e) On the basis of the written representations received from the Directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2018 from being appointed as a Director in terms of Section 164(2) of the Act.

    f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

    g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

        i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements;

        ii. The Company does not have any long term contracts including derivative contracts for which there were any material foreseeable losses;

        iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Sun TV Network Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

1. Corporate information

Sun TV Network Limited ('Sun TV' or 'the Company') was incorporated on December 18, 1985 as Sumangali Publications Private Limited. The Company is engaged in producing and broadcasting satellite television and radio software programming in the regional languages of South India. The Company is listed on the Bombay Stock Exchange ('BSE') and the National Stock Exchange ('NSE') in India. The Company has its registered office at Murasoli Maran Towers, 73, MRC Nagar Main Road, MRC Nagar, Chennai - 600 028.

The Company currently operates television channels in four South Indian languages predominantly to viewers in India, and also to viewers in Sri Lanka, Singapore, Malaysia, United Kingdom, Europe, Middle East, United States, Australia, South Africa and Canada. The Company's flagship channel is Sun TV. The other major satellite channels of the Company are Surya TV, Gemini TV and Udaya TV. The Company is also into the business of FM Radio broadcasting at Chennai, Coimbatore and Tirunelveli. The Company also has the license to operate an Indian Premier League ('IPL') franchise "Sun Risers Hyderabad". During the current year, the Company has also launched OTT platform " SUNNXT".

These standalone financial statements are approved for issue by the Company's Board of Directors on May 11, 2018.

2. Summary of significant accounting policies

a) Statement of compliance and basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, read with Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and notified under Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The financial statements have been prepared on a historical cost basis except for certain financial assets and liabilities, which have been measured at fair value (refer accounting policy regarding financial instruments).

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

c) Property, plant and equipment and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (including all duties and taxes after deducting trade discounts and rebates if any) and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Likewise, when a major expenditure is incurred, its cost is recognised in the carrying amount of the plant and equipment, if it increases the future benefits from the existing asset. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For depreciation, the Company identifies and determines cost of assets significant to the total cost of the assets having useful life that is materially different from that of the life of the principal asset.

Property, plant and equipment under construction and fixed assets acquired but not put to use at the balance sheet date are classified as capital work in progress.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of Property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

<u>Depreciation</u>

Based on a technical assessment and a review of past history of asset usage, management of the Company has

not revised its useful lives to those referred to under Schedule II to the Companies Act, 2013 (as amended).

Depreciation on property, plant and equipment other than aircraft and leasehold improvements is provided on written down value method, using the rates arrived at based on the useful lives estimated by the management. The Company has used the following useful life to provide depreciation on its property, plant and equipment.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

	Years
Buildings	20 - 58
Plant and machinery	10 - 20
Office Equipments	5 - 20
Computer and related equipment	6-13
Furniture and fittings	15
Motor Vehicles	10

Leasehold improvements are depreciated over the lower of estimated useful lives of the assets and the remaining primary period of the lease. The average useful life of Leasehold improvements is 3 to 8 years.

Costs incurred towards purchase of aircraft are depreciated using the straight-line method based technical assessment and a review of past history of asset usage, management's estimate of useful life of such aircrafts, i.e. 15 years.

Fixed assets individually costing Rs. 5000/- or less are depreciated within one year from the date of purchase.

d) Investment Property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on Investment properties is provided on written down value method, using the useful lives estimated by the management. The Company, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 20 to 58 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Company measures investment properties using cost based measurement, the fair value of investment properties is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying an approved valuation model (refer note 4 of Standalone financial statement).

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

e) Intangible assets and amortization

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

- Computer software

Costs incurred towards purchase of computer software are depreciated using the straight-line method over a period based on management's estimate of useful lives of such software being 3 years, or over the license period of the software, whichever is shorter.

- Film and program broadcasting rights (‘Satellite Rights’)

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are initially stated at cost.

Future revenues from use of these satellite rights cannot be estimated with any reasonable accuracy as these are susceptible to a variety of factors, such as the level of market acceptance of television products, programming viewership, advertising rates etc., and accordingly cost related to film is fully expensed on the date of first telecast of the film and the cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes.

- Film production costs, distribution and related rights

The cost of production / acquisition of all the rights related to each movie is amortised upon the theatrical release of the movie.

- Licenses

Licenses represent one time entry fees paid to Ministry of Information and Broadcasting ('MIB’) under the applicable licensing policy for Frequency Modulation ('FM’) Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

f) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset’s recoverable amount. An asset’s recoverable amount is the higher of an asset’s or Cash Generating Unit’s (‘CGU’) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value cost of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company’s CGUs to which the individual assets are allocated.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

g) Franchisee fees

The annual franchise fee payable to the Board of Control for Cricket in India ('BCCI') is recognized as an expense on an accrual basis in accordance with terms of the Company's agreement with BCCI.

h) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred.

i) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

- Advertising income and income from sales of telecast slots are recognised when the related commercial or programme is telecast.

- International subscription income represents income from the export of program software content, and is recognised as and when the services are rendered in accordance with the terms of agreements with customers.

- Subscription income represents subscription fees billed to cable operators and Direct to Home ('DTH') service providers towards pay-channels operated by the Company, and are recognised in the period during which the service is provided. Subscription fees billed to cable operators are determined based on number of subscription points to which the service is provided based on relevant agreements with such cable operators (along with management's best estimates of such subscription points wherever applicable), at contractually agreed rates with the Company's authorised distributor. Subscription income from DTH and SUNNXT customers is recognised as and when services are rendered to the customers in accordance with the terms of agreements entered into with the service providers.

- Revenues from sale of movie distribution rights are recognised in accordance with the terms of agreements with customers.

- Income from content trading represent revenue earned from mobile service providers and DTH service providers through exploitation of content owned by the Company. Income is recognised as per the terms of contract with the respective service providers and based on the services being rendered to the service provider.

- Income from Indian Premier League represents following:

Income from franchisee rights is recognised when the rights to receive the payments is established as per the terms of the agreement entered with The Board of Control for Cricket in India ("BCCI"). Revenue is recognised as per the information provided by BCCI or as per Management's estimate in case the information is not received. The revenue is allocated on a pro-rata basis to number of matches played during the year as against the total number of matches for the season.

Income from sponsorship fees is recognised on completion of terms of the sponsorship agreement.

Income from sale of tickets is recognised on the dates of the respective matches. The Company reports revenues net of discounts offered on sale of tickets.

Prize money is recognised when right to receive payment is established.

- Revenues from barter transactions, and the related costs, are recorded at fair values of the services received or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management.
- For all debt instruments, interest income is recorded using the effective interest rate (EIR). Finance income is included in other income in the statement of profit and loss.
- Dividend income is recognised when the right to receive payment is established, which is generally when shareholders of the investee entity approve the dividend.
- Rental income arising from operating leases on investment properties is accounted for based on the terms of the agreements and is included in other income in the statement of profit or loss.
- Export incentives are recognized on availment of the benefits under the respective schemes.

Revenues recognised in excess of billings are disclosed as "Unbilled Revenue" under other current financial assets. Billings in excess of revenue recognised are disclosed as "Deferred Revenues" under other current liabilities.

j) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes the contribution payable to the provident fund scheme as an expenditure when the employee renders the related service.

Gratuity liability is a defined benefit obligation. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method.

Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income ('OCI') in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Re-measurement gains / losses are accounted through Profit or Loss account and are not deferred.

The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

k) Taxes

Tax expense comprises current and deferred tax.

a. Current income-tax

Current income-tax asset and liabilities are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities.

l) Earnings per share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Operating leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

<u>Operating leases (where the Company is the lessee)</u>

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

Operating leases (where the Company is the lessor)

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

n) Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management operations.

o) Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are translated using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value denominated in a foreign currency are translated using the exchange rates that existed when the values were determined.

Exchange differences

All exchange differences arising on settlement / conversion of foreign currency monetary items are included in the statement of profit and loss.

p) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For recurring and non-recurring fair value measurements categorised within Level 3 of the fair value hierarchy, mention a description of the valuation processes used by the entity (including, for example, how an entity decides its valuation policies and procedures and analyses changes in fair value measurements from period to period).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in Note No. 34 & 35 of the Standalone financial statements.

q) Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

r) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:
- Debt instruments at amortized cost
- Debt instruments at fair value through profit or loss (FVTPL)
- Equity instruments at fair value through other comprehensive income (FVTOCI)

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and loss account. The Company does not have any financial asset under this category.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, the Company doesn't have any debt instruments that qualify for FVTOCI classification.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. However there are no such instruments that have been classified through FVTOCI and all equity instruments are routed through FVTPL.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investment in Subsidiary and Joint Venture

Investment in subsidiary and joint venture is carried at cost in the separate financial statements as permitted under Ind AS 27.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk `exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g. debt securities, deposits, trade receivables and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
(All amounts are in crores of Indian Rupees, unless otherwise stated)

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

The Company's financial liabilities include deposits, and trade and other payables. These are recognized initially at amortized cost net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, they are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

t) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and depreciated / released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

u) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs include the cost incurred in bringing each product to its present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost of goods is determined on a FIFO basis.

v) Segment reporting

Based on internal reporting provided to the Chief operating decision maker, the Company's operations predominantly related to Media and Entertainment and, accordingly, this is the only operating segment. The management committee reviews and monitors the operating results of the business segment for the purpose of making decisions about resource allocation and performance assessment using profit or loss and return on capital employed.

w) Recent accounting pronouncements

Standards issued but not yet effective:

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2018, notifying Ind AS 115, 'Revenue from Contracts' and amendments to Ind AS 21, Foreign currency transactions and advance consideration.

a) Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

b) Ind AS 115- Revenue from Contract with Customers:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The effect on adoption of Ind AS 115 is not expected to be significant.

x) Significant accounting judgements, estimates and assumptions

The preparation of the Company's Standalone Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Standalone Financial Statements:

Amortisation of intangibles

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are stated at cost. Future revenues cannot be estimated with any reasonable accuracy as these are susceptible to a variety of factors, such as the level of market acceptance of television products, programming viewership, advertising rates etc., and accordingly cost related to film is fully expensed on the date of first telecast of the film and the cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for taxes

The Company's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Note 30. Employee benefit plans - Gratuity

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on cessation of employment at 15 days salary (last drawn salary) for each completed year of service. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

The scheme is funded with an insurance company (LIC) in the form of a qualifying insurance policy.

The following tables summarize the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the Gratuity plan.

<u>Statement of Profit and Loss</u>

The principal actuarial assumptions used in determining gratuity obligation for the company's plans are shown below:

Particulars	As at March 31, 2018	As at March 31, 2017
Discount rate	7.55%	6.72%
Expected rate of return on assets	8.25%	8.00%
Employee turnover	10.00%	16.00%
Mortality rates	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

The overall expected rate of return on assets is determined based on market prices prevailing on that date, applicable to the period over which the obligation is to be settled. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Based on the experience of the previous years, the Company expects to contribute about Rs. 2.00 crores to the gratuity fund in the next year. However, the actual contribution by the Company will be based on the actuarial valuation report received from the insurance company.

Note 33. Segment information

Based on the internal reporting provided to the chief operating decision maker, Media and Entertainment is the only operating segment for the company.

Geographic information

Revenue from external customers	**March 31, 2018**	**March 31, 2017**
India	2,691.27	2,400.00
Outside India	171.18	158.25
Total revenues per statement of profit or loss	**2,862.45**	**2,558.25**

There are no sales to external customers more than 10% of the total revenue.

Non-current operating assets	**March 31, 2018**	**March 31, 2017**
India	1,267.80	1,183.07
Rest of the world	-	-
Total	**1,267.80**	**1,183.07**

Non-current assets for this purpose consist of property, plant and equipment, investment properties, intangible assets, capital work in progress and other non current assets (other than financial instruments).

Note 34. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying value		**Fair value**	
	March 31, 2018	**March 31, 2017**	**March 31, 2018**	**March 31, 2017**
Financial assets (Non Current & Current)				
Other investments (Tax free bonds)	193.41	194.92	194.85	195.87

The Company's principal financial liabilities, include trade and other payables. The Company has various financial assets such as trade receivables and cash and short-term deposits, which arise directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and other price risk, such as equity price risk. The value of financial instruments may change as a result of changes in the foreign currency exchange rates, equity price fluctuation, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable acuracy. Financial instrument affected by market risk includes investment in equity instruments etc.

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. As per the Forex policy, the Company, takes forward contract for transactions where the foreign currency risk on account of movement in exchange rate expected to be high and which is material to the Company. The impact of foreign exchange rate fluctuations is evaluated by assessing its exposure to exchange rates risks. Exposure to foreign exchange fluctuation risks is with monetary receivables / payables denominated in USD, AUD, CAD and GBP.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the Members of Sun TV Network Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Sun TV Network Limited (hereinafter referred to as "the Holding Company" / "Parent") and its subsidiary Company, Kal Radio Limited (the Parent and its subsidiary together referred to as "the Group"), which includes Group's share of profit in its joint venture (South Asia FM Limited, with its joint ventures and associates) comprising the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements")

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Parent's Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its Joint venture in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its joint venture and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiary and the joint venture referred to below in the Other Matters paragraph, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matters

We did not audit the financial statements of the subsidiary, whose financial statements reflect total assets of Rs. 365.24 Crores as at 31st March, 2018, total revenues of Rs. 102.57 Crores and net cash outflows amounting to Rs. 1.38 Crores for the year ended on that date, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of net profit of Rs. 23.04 Crores for the year ended 31st March, 2018, as considered in the consolidated Ind AS financial statements, in respect of the joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and joint venture and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and joint venture is based solely on the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements of subsidiary and joint venture company incorporated in India, referred in the Other Matters paragraph above, we report, to the extent applicable, that:

(a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

(b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.

(d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.

(e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2018 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary company and joint venture company incorporated in India, none of the directors of the Group company, its joint venture company is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

(f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent, its subsidiary company and joint venture company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies, for the reasons stated therein.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.

ii. The Group and its joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts.

iii. There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary company and joint venture company incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Sun TV Network Limited (hereinafter referred to as "the Holding Company" / "Parent") and its subsidiary company, Kal Radio Limited, and its joint venture company, South Asia FM Limited, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company its joint venture company, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary company and its joint venture company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing whether the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and joint venture company, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies, its joint venture company, which are companies incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us the Holding Company, its subsidiary company and its joint venture company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to the subsidiary company and the joint venture company, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

1. Background and corporate information

The consolidated financial statements comprise financial statements of Sun TV Network Limited (the Company), its subsidiary (Sun TV along with its subsidiary is hereinafter collectively referred to as 'the Group') and its joint venture company for the year ended March 31, 2018.

Sun TV Network Limited ('Sun TV' or 'the Company') was incorporated on December 18, 1985 as Sumangali Publications Private Limited. The Company is engaged in producing and broadcasting satellite television and radio software programming in the regional languages of South India. The Company is listed on the Bombay Stock Exchange ('BSE') and the National Stock Exchange ('NSE') in India. The Company has its registered office at Murasoli Maran Towers, 73, MRC Nagar Main Road, MRC Nagar, Chennai – 600 028

The Company has a subsidiary – Kal Radio Limited ('KRL'), which is incorporated in India. KRL was incorporated on October 7, 2005 as Kal Radio Private Limited and 98.18% (March 31, 2017 – 98.18%) of its paid up equity share capital is held by Sun TV. The company has a joint venture in South Asia FM Limited (SAFML), which was incorporated on November 9, 2005 as South Asia FM Private Limited and as at the balance sheet date, the Company holds 59.44 % (March 31, 2017 – 59.44%) of its paid up equity share capital. KRL and SAFML are engaged in producing and broadcasting radio software programming in Indian regional languages.

These consolidated financial statements are approved for issue by the Company's Board of Directors on May 11, 2018.

The Group currently operates television channels in four South Indian languages predominantly to viewers in India, and also to viewers in Sri Lanka, Singapore, Malaysia, United Kingdom, Europe, Middle East, United States, Australia, South Africa and Canada. The Group's flagship channel is Sun TV. The other major satellite channels of the Group are Surya TV, Gemini TV and Udaya TV. The Group is also into the business of FM Radio broadcasting at Chennai, Coimbatore and Tirunelveli. The Company also has the license to operate an Indian Premier League ('IPL') franchise "Sun Risers Hyderabad". KRL has license to operate 24 Frequency Modulation ('FM') stations in South India. SAFML has license to operate 35 FM stations. During the current year, the Group has also launched OTT platform " SUNNXT" ".

<u>SAFML's strategic alliance with Red FM</u>

The Group, through its joint venture SAFML had entered into a strategic tie-up with Red FM Group to further its FM Radio broadcasting business in the North, West and East Indian markets. As part of the transaction, SAFML has taken up a 48.9% beneficial interest in the Red FM Radio Companies by acquiring the equity of their Holding Companies at par.

SAFML has executed certain agreements with the promoters of Red FM by which it has obtained joint control over the following Red FM Companies:

Name	Effective holding of the Group	
	March 31, 2018	March 31, 2017
Pioneer Radio Training Services Private Limited**	29.06%	29.06%

AV Digital Networks (Hyderabad) Private Limited*	17.22%	17.22%

* - SAFML's effective holding is 28.99%.

The Companies listed above are hereinafter collectively referred to as associates.

These consolidated financial statements are approved for issue by the Company's Board of Directors on May 11, 2018.

2. Summary of significant accounting policies

a) Statement of compliance and basis of preparation of financial statements

The consolidated financial statements ('CFS') of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, read with Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and notified under Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The consolidated financial statements have been prepared on a historical cost basis except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

b) Basis of consolidation:

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at March 31, 2018. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions or other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Holding company, i.e., year ended on March 31, 2018.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Principles of consolidation:

Subsidiary:

- The consolidated financial statements of the Group have been prepared based on a line-by-line consolidation of the Balance Sheet, at March 31, 2018 and Statement of Profit and Loss and Cash Flows of Sun TV Network Limited & Kal Radio Limited for the year ended March 31, 2018.

- The financial statements of the subsidiary used for consolidation are drawn for the same reporting period as that of the Company i.e. year ended March 31, 2018.

- All inter-company transactions and balances between the entities included in the consolidated financial statements have been eliminated. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

- Offset (eliminate) the carrying amount of the Holding Company's investment in the subsidiary and the Holding Company's portion of equity of the subsidiary. Business combinations policy explains how to account for any related goodwill.

- Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Holding Company of the Group and to the non-controlling interest, even if this results in the non-controlling interest having a deficit balance.

- Consolidation is applied from the date of obtaining control by the Group, till the date when the Group loses control.

- On cessation of control,

  - Derecognises the assets (including goodwill) and liabilities of the subsidiary
  - Derecognises the carrying amount of any non-controlling interests
  - Recognises the fair value of the consideration received
  - Recognises the fair value of any investment retained
  - Recognises any surplus or deficit in profit or loss
  - Reclassifies the Holding Company's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

Investments in Joint Ventures and Associates:

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investment in its associates and joint ventures is accounted for using the equity method. Under the equity method, the investment in an associate or joint ventures is initially recognized at cost. The carrying amount of the investment is adjusted to recognized changes in the Group's share of net assets of the associates or joint ventures since the acquisition date. Goodwill relating to the associates or joint ventures is included in the carrying amount of the investment and not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associates or joint ventures. Any change in OCI of the investee is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associates or joint ventures, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity.

Unrealized gains and losses resulting from transactions between the Group and associates or joint ventures are eliminated to the extent of the interest of the associates or joint ventures.

If an entity's share of losses of an associates or a joint ventures equals or exceeds its interest in the associates or joint ventures (which includes any long term interest that, in substance, form part of the Group's net investment in the associates or joint ventures), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates or joint ventures. If the associates or joint ventures subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate or joint ventures is shown on the face of the statement of profit and loss.

The financial statement of the associates or joint ventures is prepared for the same reporting period as the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associates or joint ventures. At each reporting date, the Group determines whether there is objective evidence that the investment in the associates or joint ventures is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associates or joint ventures and its carrying value, and then recognizes the loss as 'Share of profit of an associates or joint venture' in the statement of profit or loss.

Upon loss of significant influence or joint control of associates or joint ventures, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

c) Business Combinations and Goodwill

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

d) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

e) Property, plant and equipment and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (including all duties and taxes after deducting trade discounts and rebates if any) and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Likewise, when a major expenditure is incurred, its cost is recognised in the carrying amount of the plant and equipment, if it increases the future benefits from the existing asset. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For depreciation, the Group identifies and determines cost of assets significant to the total cost of the assets having useful life that is materially different from that of the life of the principal asset.

Property, plant and equipment under construction and fixed assets acquired but not put to use at the balance sheet date are classified as capital work in progress.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation

Depreciation on property, plant and equipment other than aircraft and leasehold improvements is provided on written down value method, using the rates arrived at based on the useful lives estimated by the management The Group has used the following useful life to provide depreciation on its Property, plant and equipment.

	Years
Buildings	20 - 58
Plant and machinery	10 - 20
Computer and related equipment	6 - 13
Furniture and fittings	10 -15
Office equipment	3 - 20
Motor Vehicles	8 -10

Leasehold improvements are depreciated over the lower of estimated useful lives of the assets or the remaining primary period of the lease. The average useful life of Leasehold improvements is 3 to 8 years.

Costs incurred towards purchase of aircraft are depreciated using the straight-line method based technical assessment and a review of past history of asset usage, management's estimate of useful life of such aircrafts, i.e. 15 years.

Fixed assets individually costing Rs.5000/- or less are depreciated within one year from the date of purchase.

The management of the subsidiary, joint ventures and associates based on internal and external technical evaluation reassessed the remaining useful life of assets primarily consisting of Plant and machinery, Furniture and fixtures and motor vehicles. The useful lives of certain assets required a change from the previous estimates and accordingly the subsidiary, joint ventures and associates have adopted the estimated useful life as referred to under Schedule II to the Companies Act, 2013 (as amended).

f) Investment Properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on Investment properties is provided on written down value method, using the useful lives estimated by the management .The Group, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 20 to 58 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying an approved valuation model (refer Note 4 of Consolidated Financial Statement).

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

g) Intangible assets and amortization

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

- Computer software

Costs incurred towards purchase of computer software are depreciated using the straight-line method over a period based on management's estimate of useful lives of such software being 3 years, or over the license period of the software, whichever is shoter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

- Film and program broadcasting rights ('Satellite Rights')

  Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are initially stated at cost.

  Future revenues from use of these Satellite Rights cannot be estimated with any reasonable accuracy as these are susceptible to a variety of factors, such as the level of market acceptance of television products, programming viewership, advertising rates etc., and accordingly cost related to film is fully expensed on the date of first telecast of the film and the cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes.

- Film production costs, distribution and related rights

  The cost of production / acquisition of all the rights related to each movie is amortised upon the theatrical release of the movie.

- Licenses

  Licenses represent one time entry fees paid to Ministry of Information and Broadcasting ('MIB') under the applicable licensing policy for Frequency Modulation ('FM') Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

- Goodwill arising on Consolidation

  The carrying amount of goodwill arising on consolidation is not amortized and is reviewed for impairment in accordance with the requirements of Indian Accounting Standard 36 "Impairment of Assets" and impairment losses are recognised wherever the carrying amount of an asset exceeds its recoverable amount.

h) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's ('CGU') fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value cost of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

i) Franchisee fees

The annual franchise fee payable to the Board of Control for Cricket in India ('BCCI') is recognized as an expense on an accrual basis in accordance with terms of the Group's agreement with BCCI.

j) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred.

k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

- Advertising income and income from sale of broadcast slots are recognised when the related commercial or programme is telecast.
- Revenue from radio broadcasting is recognised on accrual basis on the airing of client's commercials.
- International subscription income represents income from the export of program software content, and is recognised as and when the services being rendered in accordance with the terms of agreements with customers.
- Subscription income represents subscription fees billed to cable operators and Direct to Home ('DTH') service providers towards pay-channels operated by the Group, and are recognised in the period during which the service is provided. Subscription fees billed to cable operators are determined based on number of subscription points to which the service is provided based on relevant agreements with such cable operators (along with management's best estimates of such subscription points wherever applicable), at contractually agreed rates with the Group's authorised distributor. Subscription income from DTH and SUNENXT customers is recognised as and when services are rendered to the customer in accordance with the terms of agreements entered into with the service providers.
- Revenues from sale of movie distribution rights are recognised in accordance with the terms of agreements with customers.
- Income from content trading represent revenue earned from mobile service providers and DTH service providers through exploitation of content owned by the Group. Income is recognised as per the terms of contract with the respective service providers and based on the services being rendered to the service provider.
- Income from Indian Premier League represents following:

Income from franchisee rights is recognised when the rights to receive the payments is established as per the terms of the agreement entered with The Board of Control for Cricket in India ("BCCI"). Revenue is recognised as per the information provided by BCCI or as per Management's estimate in case the information is not received. The revenue is allocated on a pro-rata basis to number of matches played during the year as against the total number of matches for the season.

Income from sponsorship fees is recognised on completion of terms of the sponsorship agreement.

Income from sale of tickets is recognised on the dates of the respective matches. The Group reports revenues net of discounts offered on sale of tickets.

Prize money is recognised when right to receive payment is established.

- Revenues from barter transactions, and the related costs, are recorded at fair values of the services received or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management.
- For all debt instruments, interest income is recorded using the effective interest rate (EIR). Finance income is included in other income in the statement of profit and loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

- Dividend income is recognised when the right to receive payment is established, which is generally when shareholders of the investee entity approve the dividend.
- Rental income arising from operating leases on investment properties is accounted for based on the terms of the agreements and is included in other income in the statement of profit or loss.
- Export incentives are recognized on availment of the benefits under the respective schemes.

Revenues recognised in excess of billings are disclosed as “Unbilled Revenue” under other current financial assets. Billings in excess of revenue recognised are disclosed as “Deferred Revenues” under other current liabilities.

l) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes the contribution payable to the provident fund scheme as an expenditure when the employee renders the related service.

Gratuity liability is a defined benefit obligation. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method.

Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (‘OCI’) in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Re-measurement gains/losses are accounted through profit or loss account and are not deferred.

The Holding company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date, while the subsidiary presents the liability with the break up between non-current and current based on the certificate received from actuary.

m) Taxes

Tax expense comprises current and deferred tax.

<u>a. Current income-tax</u>

Current income-tax asset and liabilities are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

  Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- In respect of deductible temporary differences associated with investments in subsidiaries and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities.

Minimum alternate tax ('MAT') paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The said asset is recognised as "MAT Credit Entitlement" as deferred tax asset, and is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

n) Earnings per share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

o) Operating leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Operating leases (where the Group is the lessee)

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Operating leases (where the Group is the lessor)

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases.. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

p) Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management operations.

q) Foreign currency transactions

The Group's consolidated financial statements are presented in Indian Rupees, which is the Holding Company's and subsidiaries functional currency.

Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are translated using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value denominated in a foreign currency are translated using the exchange rates that existed when the values were determined.

Exchange differences

All exchange differences arising on settlement / conversion of foreign currency monetary items are included in the statement of profit and loss.

r) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.
- The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the Note No. 36 and 37 of the financial statements.

s) Provisions

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

t) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets
Initial recognition and measurement
All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement
For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through profit or loss (FVTPL)
- Debt instruments at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortized cost
A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

In addition, the Group may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, the Group doesn't have any debt instruments that qualify for FVTOCI classification.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss account. The Group does not have any financial asset under this category.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at FVTOCI or FVTPL. However there are no such instruments that have been classified through FVTOCI and all equity instruments are routed through FVTPL.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investment in Joint Venture

Investment in joint venture is accounted using equity method in the consolidated financial statements as mandated under Ind AS 28.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g. debt securities, deposits, trade receivables and bank balance.
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

- As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head ‘other expenses’ in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the ba sis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable sig nificant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

The Group’s financial liabilities include deposits, and trade and other payables. These are recognized initially at amortized cost net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, they are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Financial guarantee contracts

Financial guarantee contracts issued by the group are those contracts that require a payment tobe made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

u) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

v) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

w) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and depreciated / released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

x) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs include the cost incurred in bringing each product to its present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost of good is determined on a FIFO basis.

y) Segment reporting

Based on internal reporting provided to the Chief operating decision maker, the Group's operations predominantly related to Media and Entertainment and, accordingly, this is the only operating segment. The management committee reviews and monitors the operating results of the business segment for the purpose of making decisions about resource allocation and performance assessment using profit or loss and return on capital employed.

z) Recent accounting pronouncements

Standards issued but not yet effective

a) Appendix B to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Group has evaluated the effect of this on the financial statements and the impact is not material.

b) Ind AS 115- Revenue from Contract with Customers:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The effect on adoption of Ind AS 115 is not expected to be significant.

aa) Significant accounting judgements, estimates and assumptions

The preparation of the Group's Consolidated Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Consolidated Financial Statements:

Amortisation of intangibles

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are stated at cost. Future revenues cannot be estimated with any reasonable accuracy as these are susceptible to a variety of factors, such as the level of market acceptance of television products, programming viewership, advertising rates etc., and accordingly cost related to film is fully expensed on the date of first telecast of the film and the cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for taxes

The Group's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Note 32. Employee benefit plans - Gratuity

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on cessation of employment at 15 days salary (last drawn salary) for each completed year of service. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

The scheme is funded with an insurance company (LIC) in the form of a qualifying insurance policy.

The following tables summarize the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the Gratuity plan.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Particulars	As at March 31, 2018	As at March 31, 2017
Defined benefit obligation	15.47	13.61
Fair value of plan assets	13.67	12.75
Plan Liability / (Asset)	**1.80**	**0.86**

Changes in the present value of the defined benefit obligation are as follows:

Particulars	As at March 31, 2018	As at March 31, 2017
Opening defined benefit obligation	13.61	9.73
Current service cost	2.40	1.99
Interest cost	0.94	0.74
Remeasurement gains/(losses) on obligation	0.87	2.09
Benefits paid	(2.35)	(0.94)
Closing defined benefit obligation	**15.47**	**13.61**

Changes in the fair value of plan assets are as follows:

Particulars	As at March 31, 2018	As at March 31, 2017
Fair value of planned assets at the beginning of the year	12.75	11.02
Expected return on plan assets	1.04	0.92
Contributions	2.32	1.77
Benefits paid	(2.34)	(0.93)
Remeasurement gains/(losses) on plan assets	(0.11)	(0.03)
Fair value of plan assets at the end of the year	**13.67**	**12.75**

The principal actuarial assumptions used in determining gratuity obligation for the Group's plans are shown below:

Particulars	As at March 31, 2018	As at March 31, 2017
Discount rate	7.55%	6.72%
Expected rate of return on assets	8.25%	8.00%
Employee turnover	10.00%	16.00%
Mortality rate	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

The overall expected rate of return on assets is determined based on market prices prevailing on that date, applicable to the period over which the obligation is to be settled. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Based on the experience of the previous years, the Group expects to contribute about Rs.2.50 crores to the gratuity fund in the next year. However, the actual contribution by the Group will be based on the actuarial valuation report received from the Insurance Company.

(All amounts are in crores of Indian Rupees, unless otherwise stated)

The major categories of plan assets of the fair value of the total plan assets are as follows:

	Gratuity plan	
	March 31, 2018	March 31, 2017

Non-current assets for this purpose consist of property, plant and equipment, investment properties, intangible assets, capital work in progress and other non current assets (other than financial instruments).

Note 36. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying value		**Fair value**	
	March 31, 2018	**March 31, 2017**	**March 31, 2018**	**March 31, 2017**
Financial assets (Non Current & Current)				
Other investments (Tax free bonds)	193.41	194.92	194.85	195.87
Investments	1,515.22	545.48	1,515.22	545.48
	1,708.63	**740.40**	**1,710.07**	**741.35**

The management assessed that the fair value of cash and cash equivalents, trade receivables, trade payables, and other current and non current finacial liabilities and financial assets approximate their carrying amounts largely due to the short - term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The method and assumptions used to estimate the fair values is the fair values of financial instruments traded in active markets are based on quoted market prices at the balance sheet date.

Note 38. Financial risk management objectives and policies

The Group's principal financial liabilities, include trade and other payables. The Group has various financial assets such as trade receivables and cash and short-term deposits, which arise directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior management ensures that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and other price risk, such as equity price risk. The value of a financial instrument may change as a result of changes in foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy. Financial instrument affected by market risk includes investment in equity instruments etc.

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities. As per the forex policy, the Group, takes forward contract for transaction where the foreign currency risk on account of movement in exchange rate expected to be high and which is material to Group. The impact of foreign exchange rate fluctuations is evaluated by assessing its exposure to exchange rate risks. Exposure to foreign exchange fluctuation risks is with Monetary receivables / payables denominated in USD, AUD, CAD & GBP.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities. The sensitivity analyses in the following sections relate to the position as at March 31, 2018 and March 31, 2017 and as forecasted for volatile currencies.

	Change in forex rate(%)	Effect on profit before tax	Effect on post tax equity
USD			
March 31, 2018	5% Increase	4.17	2.73
	5% Decrease	(4.17)	(2.73)
March 31, 2017	5% Increase	3.36	2.20
	5% Decrease	(3.36)	(2.20)

Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk is equal to the carrying amount of financial assets as of March 31, 2018 and March 31, 2017.

Liquidity risk

The Group's prime source of liquidity is cash and cash equivalents and the cash flow generated from operations. The Group has no outstanding bank borrowings. The Group believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

As of March 31, 2018, the Group had a working capital of 2,607.98 crores (March 31, 2017 - Rs. 1,982.21 crores) including cash and cash equivalents of Rs.280.52 crores (March 31, 2017 -Rs. 661.83 crores) and current investment of Rs. 1,515.22 crores (March 31, 2017 - Rs. 545.48 crores).

As of March 31, 2018 and March 31, 2017 , there are no material liability which is outstanding. Accordingly, no liquidity risk is perceived.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments.

Note 39. Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group's policy for capital management aims to enhance capital efficiency by the long-term improvement of its value through business growth, while maintaining a sound financial structure. Indicators for monitoring the capital management include total equity attributable to owners of the parent and ROE (ratio of net profit to total equity attributable to owners of the parent). The Group's policy is to keep ROE between 33% to 38%. The Group has achieved the same over past 2 years.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2018 and March 31, 2017.

Note 40. Goodwill on consolidation

Goodwill on consolidation represents the excess purchase consideration paid over net asset value of acquired subsidiary on the date of such acquisition. Such goodwill is tested for impairment annually or more frequently, if there are indicators for impairment. The management does not foresee any risk of impairment on the carrying value of goodwill as at March 31, 2018

Goodwill on consolidation as at March 31, 2018 stood at Rs. 4.80 crores (Previous year March 31, 2017 : Rs. 4.80 crores). The Group aquired 98.18% equity share stake in Kal Radio Limited through investment on various dates and excess purchase consideration paid over the net assets taken over to the extent of Rs. 4.80 crores was recognised as Goodwill.

For the purpose of impairment testing, goodwill aquired in a business combination is allocated to the cash generating units (CGU) within Media and Entertainment operating segment, which benefit from the synergies of the acquisition. The Chief operating decision maker reviews the goodwill for any impairment at each reporting date.

The recoverable amount of CGU is the higher of its fair value less cost to sell and its value-in-use. The fair value of a CGU is determined based on the market capitalisation. The value -in-use is determined based on specific calculations. These calculations use pre-tax cash flow projections for a CGU over a period of ten years. An average of the range of each assumption used is mentioned below. As of March 31, 2018 and March 31, 2017 the estimated recoverable amount of the CGU exceeds its carrying amount. The recoverable amount was computed based on the fair value less cost to sell being higher than value-in-use. The carrying amount of the CGU was computed by allocating the net assets to operating segments for the purpose of impairment testing. The key assumptions used for the calculations are as follows:

Assumption	March 31, 2018	March 31, 2017
Long term growth rate	8% - 10%	8% - 10%
Operating Margins	10% - 15%	10% - 15%
Discount rate	12%	12%
